# MARTIN PEDRAZA

WEB DEVELOPER

/ PRESENTATION

I am Martín Pedraza, a passionate web developer from Argentina with specialized experience in Angular and Node.js. With a solid background in computer science and a successful academic career, I have led various projects focused on the creation of dynamic interfaces and robust backend systems. My experience is reflected in my wide range of projects on GitHub, including mobile applications and web platforms. I am committed to technical excellence and constantly seek innovative challenges to apply my skills and contribute to the success of exciting projects in the world of web development.
